HOW TO READ THIS

Every section below is tagged with who sets the rule: the State of Texas, Leander ISD, Vista Ridge, or this classroom.

WELCOME

SET BY
MR. MORALES

Welcome to The Ridge. This year you learn to solve problems by thinking in logic and writing code. You start with visual tools and work your way up to real programming languages, and by spring you will be building things that actually run. Everything you need to know about how this class runs is in this syllabus. Keep it somewhere you can find it. If you or your family ever need anything, reach out. Go Rangers.

MR. MORALES'S PRO TIP

Finish your work during class. Then you walk out with nothing hanging over you: no homework, full credit on the assignment, and you come back ready for the next topic.

COURSE OVERVIEW

SET BY
TEXAS TEKS

Computer Science 1 Advanced is a survey course that introduces you to solving problems through logical thinking and programming. You will cover input and output, data types, operations, conditionals, loops, arrays, functions, and object-oriented programming concepts.

You will get hands-on time with several programming platforms, starting with simpler visual tools and moving toward more complex ones as your skills grow.

The main goal is to start preparing you for the **AP Computer Science A** exam, which is the next course in the sequence. If you do not go on to Computer Science A, this course still gives you a great deal.

WHAT TO BRING

SET BY
THIS CLASSROOM

- › A computer. Use the computers provided in class. Bring a school laptop only when it is absolutely necessary.
- › CodeHS account. Provided by Leander ISD.
- › A way to take notes. Bring something to write with and something to write on.

Need help getting supplies? Contact me. No student goes without.

STUDENT EXPECTATIONS

SET BY
THIS CLASSROOM

These are simple, and every one of them transfers to whatever workplace you end up in.

- › **Be on time.** Be in your seat and ready when the bell rings. School policy applies to late arrivals.
- › **Be prepared.** Bring your materials every day and have completed work ready at the start of class. Submit Google Classroom assignments on time.
- › **Participate.** Listen during lectures, join the activities, ask real questions.
- › **Manage your time.** Complete and submit every assignment by its due date.
- › **Own your learning, earn your grade.** Try your best, learn from your mistakes, and ask for help when you need it.
- › **Respect others.** Treat classmates, teachers, staff, and substitutes with kindness. Listen when someone else is speaking. Bullying and harassment are not tolerated.
- › **Watch your language.** Swearing, insults, and derogatory comments have no place here.
- › **Respect property.** Take care of the furniture, equipment, and materials. Do not deface or damage anything, and clean up after yourself and your classmates.

PHONES & DEVICES

SET BY
STATE OF TEXAS

Under **House Bill 1481**, phones and other personal electronic devices, including smart watches, tablets, gaming devices, and headphones or earbuds with cellular connectivity, may not be used on campus between 8:05 AM and 3:35 PM. That includes restrooms, hallways, and lunch. Make electronic MINGA hall passes on a computer.

Devices stay **away and unseen** in your backpack or bag. Not on your person, not in a pocket, not in a waistband. If you do not carry a bag, leave your device in the AP office.

- FIRST INCIDENT** Warning and contact home
- SECOND INCIDENT** Referral to your AP

Repeated violations can mean a parent or guardian picks the device up from VRHS, and you may lose the privilege of bringing one to school. Continued violations follow the Vista Ridge and Leander ISD Student Code of Conduct. Remember that this is state law.

HOW GRADES WORK

SET BY
LEANDER ISD

Grades are split three ways.

- DAILY WORK & LABS** **25%**
- QUIZZES** **25%**
- EXAMS & MAJOR PROJECTS** **50%**

LATE WORK & REDOS

SET BY
THIS CLASSROOM

Work is due during your scheduled class period. Anything turned in after that is late and can earn a **maximum score of 80**.

Late work can still be redone. You may need to finish steps I assign first, such as attending tutorials or making corrections. A redo replaces your score with up to an 80, and if you already scored above an 80 that grade stands. You have a one-week window.

Turn in all work and final redos at least one week before grades are due at the end of the grading period.

MISSED WORK & ABSENCES

SET BY
LEANDER ISD

If you are absent for any reason, check in with me the day you return so we can set your make-up assignments, their due dates, and the dates you will take any missed quizzes or exams. You get one day of make-up time for every day you were out, so two days absent means two days to make up. On the A/B schedule, one day means one class period. Two exceptions: work already assigned and due on the day you were absent is due the day you return, and a quiz or exam already scheduled for that day is given the day you return.

CONTINUOUS IMPROVEMENT

SET BY
LEANDER ISD

If you score below a 70 on a learning target, Continuous Improvement is available to you. We build a plan together, you relearn the skill, and you show mastery.

Most of this happens during class. If class time runs short, use tutorials. Per district policy, Continuous Improvement is available to every student who fails a six weeks.

ACADEMIC HONESTY

SET BY
VISTA RIDGE HS

Academic dishonesty is not tolerated. If you cheat or help someone else cheat, including sharing completed work through Google Drive, the offense is documented, your parent or guardian is contacted, and a referral goes to the AP office for your record.

- › **First offense on daily work.** Automatic zero.
- › **First offense on an exam or project.** Redo the work for a maximum score of 50, or accept the zero.
- › **Habitual offenses.** Zero regardless of assignment weight, and loss of all exemption privileges.

Plagiarism is copying from any source, including AI, websites, books, and classmates, or presenting ideas that did not originate with you. Sources are a good thing when you credit them properly.
